NEIGHBORS WANT A GARDEN!
 Block 1155 Lot 193
 This lot is too small to build on and nestled in between a parking lot and another vacant lot with a paved pathway weaving through. It could host a walk-through garden or an outdoor art gallery.
 Email us at organizers@596acres.org for help!

ACROSS FROM PS 335
 Block 1356 Lot 6
 A teacher from the school across the street has reached out to us to see if she can create garden for her students. Shoot her an email at Izitman@verizon.net to lend her a hand.

PROSPECT PLACE AT RALPH AVE
 Block 1363 Lot 60
 This piece of land is only 2,000 square feet and unlikely to be built on. What else could it be used for?

THE CELESTIAL CHURCH OF CHRIST'S FUTURE GARDEN
 Block 1363 Lot 7
 The church next door to this lot has been working on getting legal permission to use this space for almost two years. The pastor has submitted an application to GreenThumb, who will communicate with Housing Preservation and Development to create a license for a new garden.
 Contact them at guidinglight@netzero.com or 718-735-4347.

In **Brooklyn Community Board 8** there at least 15 vacant, publicly owned lots totaling $\frac{3}{5}$ of an acre of land. How big is that? The size of about 10 tennis courts!
